Dear Mrs Allen

**MEGALOUGHTON LANE SITE EWML 43264 (PD01)  
AUTHORISED TREATMENT FACILITY (ATF) COMPLIANCE**

I am pleased to inform you that we have reviewed your current operations in regard to the storage and treatment of End of Life Vehicles (ELV's) and find that the current standards on site meet the basic requirements for your site to be authorised as an ATF with the Agency and DVLA. The works still outstanding on the engine storage bay and bunding for waste liquid storage at your site which were agreed as part of your site improvement plan will still require completion, but these will now be regulated using the appropriate licence condition. Your compliance with the Regulations has been notified to the appropriate departments.

If you have any queries regarding this matter please contact me at the number or address below.

Yours faithfully
